

# The Harbinger Project

Will God Judge America?

## About The Harbinger Project

THP is an information resource designed to inform people of the significance of recent events in America beginning with 9/11 that many believe are warning signs (harbingers) from God.

There are real parallels between the warnings God gave ancient Israel because of their sin and similar warning signs God may be giving America because of its declining moral condition and tolerance of sin.

Visit [theharbingerproject.net](http://theharbingerproject.net) to read detailed information about these nine harbingers documented in Jonathan Cahn's book *The Harbinger*. The project is not trying to make an endorsement for the book, however, it is the book that has refocused (and rightly so) our attention to the sinful state of our nation.

The project has listed parallels between Israel and America in a non-narrative format making it easy to compare. Furthermore, there are several articles and videos from a variety of sources, including David Wilkerson newsletter of 2001, that add insight and relevance to these warnings.

There is a watchman on the wall crying out a warning to America!

## Real Warning Signs

Every Pastor, teacher, and lay person needs to be aware of the harbingers that Jonathan Cahn reveals in his book--warnings that may have already been given to America. Although our intention is not to promote his book, it is a must read for every believer.

Many skeptics (like myself) read the book and realized that there is just too much evidence that God has given America nine warnings to repent and turn back to Him. Surely, we all realize that God is not pleased with the course our country has taken and that is why this information so important.

I have heard of a couple people who have discounted the evidence in the book as coincidence and equated it to Hal Lindsey's *Late Great Planet Earth* written a few decades ago. Even so, I remember reading Lindsey's book in the 80s, and whether I agreed with all his prophecies or not, it shook me and brought me closer to God; in fact it was a turning point in my Christian life.

So, if you read it for no other reason than entertainment, please do read it and decided if it should be considered more than just a novel.

Although the poll on the website has been (to date) unanimously supportive of the message of *The Harbinger*, we'd like to hear from you (*for or against*). Please vote and feel free to leave a comment or use the contact link on the website to email The Harbinger Project.

## What should we do?

Pray that God's people will respond to His Word in 2 Chronicles 7:14.

"If **my people**, who are called by my name, will **humble themselves** and **pray** and **seek my face** and **turn from their wicked ways**, then will I hear from heaven and will forgive their sin and will heal their land."

**PRAY**  
for  
*Revival*
